SUMMARY

Dedicated Computer Science student proficient in Java, C++, HTML, CSS, and web technologies. Strong problem-solver with excellent communication skills. Seeking Software Development Internship to apply technical knowledge, gain hands-on experience, and contribute innovative solutions to drive organizational growth and success.

PROFESSIONAL SKILL

Design understanding problem Solving
Team collaboration visual Design
Leadership Skills

TECHNICAL SKILLS

Java ,C++ & C ,Spring boot AI, React, CSS
HTML, MySQL ,REST APIs,Git & GitHub
Fedora Linux,Data Structures and Algorithms

PROJECTS

:: Smart Driver Earnings Tracker

Developed a Smart Driver Earnings Tracker using Java, Spring Boot, JDBC, MySQL, and React.js. The application tracks earnings, fuel, and maintenance expenses while providing profit analytics, monthly reports, and interactive dashboards for efficient financial management.

:: Online Library Management System

Developed an Online Library Management System using Spring Boot, JDBC, MySQL, HTML, and CSS. The application handles book issue and return operations, student login, fine calculation, and admin management while providing a secure, organized, and user-friendly interface for efficient library operations.

::Task Management Application

Developed a Task Management Application using Spring Boot, JDBC, and React.js. The application allows users to create tasks, track task status, manage deadlines, and securely authenticate users through a modern, responsive, and user-friendly interface for efficient task organization.

EDUCATION

Bachelor of Computer Applications (BCA)
Integral University (LUCKNOW)

(2023 – Present)

CGPA : 9.12
